

	QUALITY POLICY	
	Issue No. 08	Page 1 of 1

Fleury Engineering is totally committed to the principles and practice of excellence and will conform to the requirements of the ISO 9001:2015 Standard as follows:

By ensuring that the company fully meets the requirements of its customers and by endeavouring to enhance the overall service to its customers.

By ensuring that our customer's are fully satisfied with our filtration equipment and engineering services.

By taking external and internal factors along with the requirements of interested parties into consideration we endeavour to maintain and improve the processes within the company.

By ensuring that the company's entire staff is given sufficient training and development support to provide for fully competent staff.

By ensuring through good planning and review that the best products/equipment is made available to our customers and that their specifications are met.

By working closely with our customers to develop and maintain first class relationships.

Through commitment to maintaining and developing first class supplier relationships.

Through its management and staff being committed to the policy of continuous improvement of the Organisation and its Customer Services.

Through a commitment to being an efficient and profitable organisation by following good work practices in all areas of its operation. By planning and establishing measurable objectives based on its Quality Policy for the ongoing development of the company and its clients. These objectives are regularly reviewed and measured by management.
